web call back service

inTouch800 Professional

inTouch800 Professional offers real time call statistics and management information in an easy to view GUI or as a downloadable CSV file. The account also gives the administrator access to the 'Guard' security feature and full and unrestricted access to the timetable, providing out-of-hours coverage and multiple destination numbers.

Account set-up charge	£399
Minimum call spend per month	£10
Call charges - UK fixed line	3.4p per minute
UK Mobile	20p per minute

inTouch800 call centre

inTouch800 Call Centre offers the same features as inTouch800 Professional, but is specifically designed for organisations that have a front-of-house call menu requiring caller input to navigate to the correct department.
